Instructions for Statewide Initiatives
Application for Serial Number and Best Practices for Printing and Circulating Petitions

Statement of Organization
At the time of submitting an Application for Serial Number, the individual or organization wishing to place an initiative on the ballot must either file a Statement of Organization using the Secretary of State’s Campaign Finance Filing System or designate an existing (non-candidate) committee to act as the initiative’s sponsor. The Secretary of State will not accept an Application without an accompanying statement or designation.

Application for Serial Number
An individual or organization wishing to place an initiative on the ballot must submit an Application for Serial Number stating their intent to circulate a statewide initiative petition.

Please complete all required fields including:
- The appropriate check box indicating whether the applicant intends to circulate a statutory measure or constitutional amendment
- A no more than 200-word description of the principal provisions of the initiative, which will be printed on the face of each petition sheet.
- All information required to identify the initiative applicant and sponsoring committee.

Application Procedure
Upon receipt of Application, the Secretary of State will complete the remainder of the form and issue a unique petition serial number to be printed on the front and back of each petition sheet. The Secretary of State will also provide instructions regarding proper completion of the Statewide Initiative Petition form.

Please note:
- An Application for Serial Number will not be accepted unless the applicant has checked both disclaimer boxes and provided a signature as an acknowledgment of the recommended printing and circulating procedures.
- At the time of submission, an Application for Serial Number must include the accompanying title and text of the initiative.
- The minimum number of signatures required for a constitutional amendment to be placed on the ballot is equal to 15% of the number of votes cast at the last gubernatorial election, and the number of signatures for a statutory measure is equal to 10%.
- The deadline to file initiative petition signatures is at least 4 months plus 1 day prior to the next general election.
- Any revision to the title and text or 200-word description requires a new Application for Serial Number to be filed, and all previous versions will be considered invalid.
Recommended Best Practices for Printing and Circulating Petitions

The Secretary of State’s Office recommends the following best practices for printing and circulating petitions to ensure optimal verification and processing. Failure to adhere to these practices may result in reduced document integrity, which may inhibit the Secretary of State’s ability to efficiently and accurately process the petitions.

1. Print using a resolution of 600dpi or higher
   The Secretary of State's Office recommends that petitions be printed at a resolution of 600dpi or higher to preserve print integrity and assist in the digital scanning and review process. This will ensure that the form field lines on the petition remain intact, and that information provided by the committee (such as the initiative description and petition serial number) is clearly printed for inspection by petitioners.

2. Print from digital file only – Do not photocopy
   It is recommended that petitions be duplicated only by means of digital printing and should not be photocopied. Photocopied petitions may result in a degraded image, including the loss of information capture boxes, pixelated text, or irregularities that may obstruct scanning capability. To avoid document degradation, please print petitions from a digital file only.

3. Instructions to signers
   Circulators should instruct petition signers to write in the center of (and within) the information capture boxes to ensure that signature and identifying information is easily discernible by the petition processing software. Signers should avoid letting information bleed over to adjacent rows, and should sign with blue or black ink.

4. Registered Circulator ID Number
   Paid and out-of-state circulators must print their Registered Circulator ID Number on the front and back side of each petition sheet. Please review the Secretary of State Office's Circulator Handbook for more information.

B. At least twenty days before a general or primary election, and at least ten days before a special election, the board shall designate one polling place within each precinct where the election shall be held, except that:

1. On a specific finding of the board, included in the order or resolution designating polling places pursuant to this subsection, that no suitable polling place is available within a precinct, a polling place for that precinct may be designated within an adjacent precinct.

2. Adjacent precincts may be combined if boundaries so established are included in election districts prescribed by law for state elected officials and political subdivisions including community college districts but not including elected officials prescribed by titles 30 and 48. The officer in charge of elections may also split a precinct for administrative purposes. The polling places shall be listed in separate sections of the order or resolution.

3. On a specific finding of the board that the number of persons who are listed as early voters pursuant to section 16-544 is likely to substantially reduce the number of voters appearing at one or more specific polling places at that election, adjacent precincts may be consolidated by combining polling places and precinct boards for that election. The board of supervisors shall ensure that a reasonable and adequate number of polling places will be designated for that election. Any consolidated polling places shall be listed in separate sections of the order or resolution of the board.

4. On a specific resolution of the board, the board may authorize the use of voting centers in place of or in addition to specifically designated polling places. A voting center shall allow any voter in that county to receive the appropriate ballot for that voter on election day after presenting identification as prescribed in section 16-579 and to lawfully cast the ballot. Voting centers may be established in coordination and consultation with the county recorder, at other county offices or at other locations in the county deemed appropriate.

5. On a specific resolution of the board of supervisors that is limited to a specific election date and that is voted on by a roll call vote, the board may authorize the county recorder or other officer in charge of elections to use emergency voting centers as follows:

(a) The board shall specify in the resolution the location and the hours of operation of the emergency voting centers.

(b) A qualified voter voting at an emergency voting center shall provide identification as prescribed in section 16-579, except that notwithstanding section 16-579, subsection A, paragraph 3, for any voting at an emergency voting center, the county recorder or other officer in charge of elections may allow a qualified voter to use the voter’s identification information as provided for in the secretary of state’s instructions and procedures manual adopted pursuant to section 16-452.

(c) An emergency voting center established pursuant to this section becomes available and there is not sufficient time for the board of supervisors to convene to approve an alternate location for that emergency voting center, the county recorder or other officer in charge of elections may make changes to the approved emergency voting center location and shall notify the public and the board of supervisors regarding that change as soon as practicable. The alternate emergency voting center shall be as close in proximity to the approved emergency voting center location as possible.

C. If there is no justice of the peace in the precinct, or if the justice of the peace fails to do so, the election board of the precinct shall designate and give notice of the place within the precinct of holding the election. For any election in which there are no candidates for elected office appearing on the ballot, the board may consolidate polling places and precinct boards and may consolidate the tabulation of results for that election if all of the following apply:

1. All affected voters are notified by mail of the change at least thirty-three days before the election.

2. Notice of the change in polling places includes notice of the new voting location, notice of the hours for voting on election day and notice of the telephone number to call for voter assistance.

3. All affected voters receive information on early voting that includes the application used to request an early voting ballot.

D. The board is not required to designate a polling place for special district mail ballot elections held pursuant to article 8.1 of this chapter, but the board may designate one or more sites for voters to deposit marked ballots until 7:00 p.m. on the day of the election.

E. Except as provided in subsection F of this section, a public school shall provide sufficient space for use as a polling place for any city, county or state election when requested by the officer in charge of elections.

F. The principal of the school may deny a request to provide space for use as a polling place for any city, county or state election if, within two weeks after a request has been made, the principal provides a written statement indicating a reason the election cannot be held in the school, including any of the following:

1. Space is not available at the school.

2. The safety or welfare of the children would be jeopardized.

G. The board shall make available to the public as a public record a list of the polling places for all precincts in which the election is to be held.

H. Except in the case of an emergency, any facility that is used as a polling place on election day or that is used as an early voting site during the period of early voting shall allow persons to loiter and engage in other political activity outside of the seventy-five foot limit prescribed by section 16-515 in public areas and parking lots used by voters. This subsection does not allow the temporary or permanent construction of structures in public areas and parking lots or the blocking or other impairment of access to parking spaces for voters. The county recorder or other officer in charge of elections shall post on its website at least two weeks before election day a list of those polling places in which emergency conditions prevent electioneering and shall specify the reason the emergency designation was granted and the number of attempts that were made to find a polling place before granting an emergency designation. If the polling place is not on the website list of polling places with emergency designations, electioneering and other political activity shall be allowed outside of the seventy-five foot limit. If an emergency arises after the county recorder or other officer in charge of elections’ initial website posting, the county recorder or other officer in charge of elections shall update the website as soon as practicable to include any new polling places, shall highlight the polling place location on the website and shall specify the reason the emergency designation was granted and the number of attempts that were made to find a polling place before granting an emergency designation.

1. An act of God renders a previously set polling place unusable.
2. A county recorder or other officer in charge of elections has exhausted all options and there are no suitable facilities in a precinct that are willing to be a polling place unless a facility can be given an emergency designation.

3. The secretary of state shall provide through the instructions and procedures manual adopted pursuant to section 16-452 the maximum allowable wait time for any election that is subject to section 16-204 and provide for a method to reduce voter wait time at the polls in the primary and general elections. The method shall consider at least all of the following for primary and general elections in each precinct:

1. The number of ballots voted in the prior primary and general elections.
2. The number of registered voters who voted early in the prior primary and general elections.
3. The number of registered voters and the number of registered voters who cast an early ballot for the current primary or general election.
4. The number of election board members and clerks and the number of rosters that will reduce voter wait time at the polls.

The county recorder or other officer in charge of elections shall process any request for an early ballot for a municipal election pursuant to this subsection. The county recorder may establish on-site early voting locations at the recorder's office, which shall be open and available for use beginning the same day that a county begins to send out the early ballots. The county recorder may also establish any other early voting locations in the county the recorder deems necessary. Any on-site early voting location or other early voting location shall require each elector to present identification as prescribed in section 16-579 before receiving a ballot. Notwithstanding section 16-579, subsection A, paragraph 2, at any on-site early voting location or other early voting location the county recorder or other officer in charge of elections may provide for a qualified elector to update the elector's voter registration information as provided for in the secretary of state's instructions and procedures manual adopted pursuant to section 16-452.

D. Only the elector may be in possession of that elector's unvoted early ballot. If a complete and correct request is made by the elector within twenty-seven days before the election, the mailing must be made within forty-eight hours after receipt of the request. Saturdays, Sundays and other legal holidays are excluded from the computation of the forty-eight hour period prescribed by this subsection. If a complete and correct request is made by an absent uniformed services voter or an overseas voter before the election, the regular early ballot shall be transmitted by mail, by fax or by other electronic format approved by the secretary of state within twenty-four hours after the early ballots are delivered pursuant to section 16-545, subsection B, excluding Sundays.

The office of the county recorder or other officer in charge of elections shall remain open until 7:00 p.m. on THE FRIDAY PRIOR TO election day for the purpose of receiving early ballots. In no event shall partial or complete tallies of the early election board be released or divulged before all precints have reported or one hour after the closing of the polls on election day, whichever occurs first, and any person who unlawfully releases information regarding vote tallies or who possesses a tally sheet or summary without authorization from the recorder or officer in charge of elections is guilty of a class 6 felony.

D. The necessary printed blanks for poll lists, tally lists, lists of voters, ballots, caths and returns, together with envelopes in which to enclose the returns, shall be furnished by the board of supervisors or the governing body of the political subdivision to the early election board for each election precinct at the expense of the county or the political subdivision.

Section 16-552, Arizona Revised Statutes, is amended as follows:

A. In a jurisdiction that uses optical scan ballots, the officer in charge of elections may use the procedure prescribed by this section or may request approval from the secretary of state for a different method for processing early ballots. The request shall be made in writing at least ninety days before the election for which the procedure is intended to be used. After the election official has confirmed with the secretary of state that all election equipment passes the logic and accuracy test, the election official may begin to count early ballots. No early ballot results may be released except as prescribed by section 16-551.

B. The early election board shall check the voter’s affidavit on the envelope containing the early ballot. If it is found to be sufficient, the vote shall be allowed. If the affidavit is insufficient, the vote shall not be allowed.

C. The county chairman of each political party represented on the ballot, by written appointment addressed to the early election board, may designate party representatives and alternates to act as early ballot challengers for the party AND TO OBSERVE THE PROCESSING OF EARLY BALLOTS, THE VERIFICATION, CONFIRMATION OR CORRECTION OF SIGNATURES ON EARLY BALLOT AFFIDAVITS, AND THE TABULATION, DUPLICATION AND ADJUDICATION OF BALLOTS, AS PROVIDED IN SUBSECTION I AND J OF THIS SECTION. No party may have more than the number of such representatives or alternates that were mutually agreed on by each political party to be present at one time. If such agreement cannot be reached, the number of representatives shall be limited to one FIVE for each political party.

D. An early ballot may be challenged on any grounds set forth in section 16-591. All challenges shall be made in writing with a brief statement of the grounds before the early ballot is placed in the ballot box. All challenges and resulting proceedings shall be kept in substantially the same manner as provided in section 16-594. If an early ballot is challenged, it shall be set aside and retained in the possession of the early election board or other officer in charge of early ballot processing until a time that the early election board board sets for determination of the challenge, subject to the procedure in subsection E of this section, at which time the early election board shall bear the grounds for the challenge and shall decide what disposition shall be made of the early ballot by majority vote. If the early ballot is not allowed, it shall be handled pursuant to subsection G of this section.

E. Within twenty-four hours of receipt of a challenge, the early election board or other officer in charge of early ballot processing shall mail, by first class mail, a notice of the challenge including a copy of the written challenge, and also including the time and place at which the voter may appear to defend the challenge, to the voter at the mailing address shown on the request for an early ballot or, if none was provided, to the mailing address shown on the registration rolls. Notice shall also be mailed to the challenger at the address listed on the written challenge and provided to the county chairman of each political party represented on the ballot. The board shall meet to determine the challenge at the time specified by the notice but, in any event, not earlier than ninety-six hours after the notice is mailed, or forty-eight hours if the notifying party chooses to deliver the notice by overnight or hand delivery, and not later than 5:00 p.m. on the Monday following the election. The board shall provide the voter with an informal opportunity to make, or to submit, brief statements regarding the challenge. The board may decline to permit comments, either in person or in writing, by anyone other than the voter, the challenger and the party representatives. The burden of proof is on the challenger to show why the voter should not be permitted to vote. The fact that the voter fails to appear shall not be deemed an admission of the validity of
the challenge. The early election board or other officer in charge of early ballot processing is not required to provide the notices described in this subsection if the written challenge fails to set forth at least one of the grounds listed in section 16-591 as a basis for the challenge. In that event, the challenge will be summarily rejected at the meeting of the board. Except for election contests pursuant to section 16-672, the board's decision is final and may not be appealed.

F. If the vote is allowed, the board shall open the envelope containing the ballot in such a manner that the affidavit thereon is not destroyed, take out the ballot without unfolding it or permitting it to be opened or examined and show by the records of the election that the elector has voted.

G. If the vote is not allowed, the affidavit envelope containing the early ballot shall not be opened and the board shall mark across the face of such envelope the grounds for rejection. The affidavit envelope and its contents shall then be deposited with the opened affidavit envelopes and shall be preserved with official returns. If the voter does not enter an appearance, the board shall send the voter a notice stating whether the early ballot was disallowed and, if disallowed, providing the grounds for the determination. The notice shall be mailed by first-class mail to the voter's mailing address as shown on the registration rolls within three days after the board's determination.

H. Party representatives and alternates may be appointed as provided in subsection C of this section to be present and to challenge the verification of questioned ballots pursuant to section 16-584 on any grounds permitted by this section. Questioned ballots that are challenged shall be presented to the early election board for decision under the provisions of this section.

FOR PURPOSES OF THIS SECTION, "ADEQUATE OBSERVATION" MEANS THE ABILITY TO VISUALLY AND AURALY ASCERTAIN AND VERIFY THAT OBSERVED ACTIVITIES ARE CARRIED OUT IN A CORRECT, ACCURATE, AND LAWFUL MANNER.
